The Student Experience: Introduction

Since 1977, Graduate and Employer surveys have generally been used by Mid-Plains Community College (MPCC). Until the 2013-14 academic year, Graduate and Employer survey results were presented in the annual Completer Report.

Two new reports, Graduates at Work and The Student Experience, were created in place of the Completer Report. While the reporting has changed, the actual Graduate and Employer surveys have not.

Knowing who our students are and what they think of their MPCC experience is critical to:

- Supporting MPCC’s mission of “providing quality educational opportunities to support lifelong student learning.”
- Building MPCC’s Strategic Plan
- MPCC’s participation in the AQIP accreditation process

The Student Experience: Data Sources

Survey	2015 N	2013 N	2011 N
Community College Survey of Student Engagement (CCSSE): The Community College Survey of Student Engagement (CCSSE), a product and service of the Center for Community College Student Engagement, is a well-established tool that helps institutions focus on good educational practice and identify areas in which they can improve their programs and services for students. Administered during the spring in odd numbered years, CCSSE asks about institutional practices and student behaviors that are highly correlated with student learning and retention.	372	441	504
Survey	2014 N	2013 N	
MPCC Entering Student Survey: Designed by the Office of Institutional Research and Planning, the Entering Student Survey is administered every August to new students during student orientation. Note: Prior to 2013, MPCC administered the ACT Entering Student Survey. Because of the difference in surveys, MPCC’s Entering Student Survey results are presented in two year averages.	342	339	
Survey	2014-15 N	2013-14 N	2012-13 N
MPCC Graduate Survey: Also designed by the MPCC Office of Office of Institutional Research and Planning with the help of MPCC’s Career Services Center, the Graduate Survey is completed by students upon successful completion of their program of study at MPCC.	159	191	198
