

## **COURSE LISTING AND DESCRIPTIONS**

### **HLTH 1510 EMT-BASIC**

**8 credit hours**

**150 Classroom Hours = 90 lecture hours + 60 lab hours**

Instruction in the management and transportation of emergency medical and trauma patients. The class includes lectures, practical skills and possible in-hospital training. Upon successful completion the student will receive a MPCC grade. To receive State of Nebraska certification, the student will have to successfully pass the National Registry test and apply to the State of Nebraska. Prerequisite: American Heart Association Basic Life Support or its equivalent.

### **HLTH 1110 CPR RESCUER**

**0.5 credit hours**

**7.5 Classroom Hours = 7.5 lecture hours**

An eight-clock hour course in Cardio-Pulmonary Resuscitation (CPR).

### **HLTH 2610 EMT-INTERMEDIATE**

15 credit hours

**260 Classroom Hours = 200 lecture hours + 60 lab hours**

This is a course designed for ambulance personnel who have completed the basic EMT-B course. Students will be trained in the advanced skills of assessment and treatment based upon current U.S. Department of Transportation curriculum and scope of practice for an Advanced EMT-Intermediate. Prerequisite: HLTH 1510.

### **HLTH 2610 EMT-I Clinical & Field**

**5 credit hours**

**215 Classroom Hours = 215 clinical hours**

This course is designed to fulfill the clinical and field hours required by the Department of Transportation for completion of HLTH 2610 EMT-Intermediate.

### **HLTH 2710 EMT-Paramedic**

**15 credit hours**

**260 Classroom Hours = 200 lecture hours + 60 lab hours**

This course is designed for ambulance personnel who have completed the Department of Transportation I-99 EMT-Intermediate Course (HLTH 2610 & HLTH 2620). Students will be trained in the advanced skills of assessment and treatment based upon current U.S. DOT curriculum and scope of practice for an Advanced EMT-Paramedic. Prerequisites: HLTH 2610 & HLTH 2620)

### **HLTH 2720 EMT-P Clinical & Field**

**5 credit hours**

**215 Classroom Hours = 215 clinical hours**

This course is designed to fulfill the clinical and field hours required by the Department of Transportation for completion of HLTH 2710 EMT-Paramedic.
