

SPECIAL TESTING ARRANGEMENTS

ACCOMMODATED TESTING

A student with a documented disability(ies) may request that their testing be administered with accommodations. Please contact the MPCC Disability Services personnel, 308.535.3637, prior to testing, to discuss procedures for submitting documentation and the accommodations that can be provided with the ACCUPLACER testing. A testing appointment will be scheduled after this initial discussion.

REMOTE TESTING

This testing arrangement should be utilized by a student who needs to take the ACCUPLACER placement testing in order to enroll at a postsecondary institution other than Mid-Plains Community College (MPCC).

1. Have the student call the testing center at the institution they plan to attend and request to register for a REMOTE ACCUPLACER test. That institution will gather information from the student to generate a REMOTE TEST VOUCHER.
2. The student may now call to schedule their test session at the MPCC location they indicated as their chosen test site (see telephone numbers to the right). This arrangement allows the student to test locally, using the tests specifically needed for their desired institution of enrollment. There is no need to fax or mail the test scores, as they are a part of that institution's database.
3. There is NO fee for this test arrangement at any of the MPCC test sites.

SCHEDULE YOUR TEST

at one of the following MPCC locations:

McCook Community College

Student Success Center
von Riesen Library – Lower Level
1205 East Third St.
McCook, NE 69001
308-345-8105

North Platte Community College – North Campus

Career Services – W.W.Wood Room 205
1101 Halligan Dr.
North Platte, NE 69101
308-535-3618

North Platte Community College – South Campus

Student Success Center – McB Room 144
601 W. State Farm Rd.
North Platte, NE 69101
308-535-3702

NEXT-GENERATION **ACCUPLACER**[®]

A Product of College Board

Test assesses students' skill levels in writing, reading, and mathematics.

ABOUT ACCUPLACER

The ACCUPLACER test assesses a student's skill levels in writing, reading, and mathematics.

The results of the assessment, in conjunction with a student's program of study, are used by academic advisors to determine course selection and placement.

ACCUPLACER is an adaptive test. This means that the computer automatically determines which questions are presented to the student based on responses to prior questions. This technique selects just the right questions for the student's level of ability. Each multiple-choice test is untimed so that the student can give each question as much thought as needed.

This is not a pass/fail testing system!

ACCUPLACER NEXT-GENERATION

Mid-Plains Community College is using the **ACCUPLACER "NEXT-GENERATION" TESTS**

Score Range for each multiple-choice test is a scale score of 200-300

The **Next-Generation** tests available are:

Reading (20 questions)

Writing (25 questions)

Arithmetic (20 questions)

Quantitative Reasoning, Algebra, and Statistics or QAS (20 questions)

Advanced Algebra and Functions or AAF (20 questions)

It is possible for a student beginning with the **Arithmetic** test to be routed up to the **QAS** test and routed up again to the **AAF** test.

Likewise, it is possible for a student beginning with the **QAS** test to be routed down to **Arithmetic** questions or routed up to **AAF** questions.

PREPARE FOR THE TEST

It is **recommended** that the student review websites and/or materials that provide sample ACCUPLACER test questions prior to testing. This will help alleviate some test-taking anxiety and provide test familiarity.

WHAT YOU NEED TO KNOW

- Testing can be scheduled at any of the MPCC campus locations.
- The student **must have an MPCC Student ID#** assigned to them prior to testing. Please discuss this with the test center staff at the time a test appointment is scheduled.
- **Please bring a photo ID to test.**
- Calculators, dictionaries, and other study materials **are not allowed** in the testing area.
- Scratch paper will be provided, but must be returned upon completion of testing.
- This test is not timed, so please do not RUSH through it. The full, three-part test, consisting of math, reading, and writing takes approximately 1 ½ to 2 hours to complete.
- At the conclusion of the test, the student will immediately receive their score results on an Individual Score Report (ISR), including placement messages. The test proctor will review the scores with the student and answer questions.
- There is NO cost for your first testing session. A student may retake any or all of the subject tests at a fee of \$5/subject. It is recommended that a student wait at least one day before retesting.
- The student may schedule an advising appointment at the completion of ACCUPLACER testing to register for classes.
- Placement scores are valid for 3 years from date of testing.
- ACCUPLACER scores are accepted at the Nebraska community colleges, tribal colleges, and Nebraska College of Technical Agriculture.

PLEASE NOTE: Cut-scores and course recommendations may vary per institution.
