COMPUTER REQUIREMENTS FOR

NURSING PROGRAM

The nursing department has purchased a program to help students better prepare for the NCLEX examination that is required for nursing licensure. The use of this program requires students to obtain their own laptops to use during the program.

Please note that Examplify works with most modern computers, both Mac and Windows operating systems. Examplify <u>will not</u> run-on Chromebooks, Android, or Linux operating systems. Examplify <u>does not</u> support touchscreen input devices on Mac or Windows laptops.

Below is the website for Minimum System Requirements for Examplify

https://examsoft.com/resources/examplify-minimum-system-requirements/
